

# BANANA SLUG STRING BAND

The Banana Slug String Band is a passionate group of environmental educators with 35 years experience, who blend music, theater, puppetry, and audience participation to create a lively learning environment.

Our new CD is called *Pollinator Nation*, all about the world of pollinators. Songs including *Don't Swat it*, *Go Organic*, and the title track *Pollinator Nation* lead us to the understanding that insects are helpful, organic food is healthy, and pollinators are crucial to our beautiful planet. The Slugs use their usual wit to create songs that you will remember and learn from, helping us explore together the world of birds, bees, butterflies and bugs who keep the world vibrating with life!

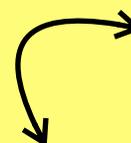

The Slugs also offer:

- \*School Assemblies
- \*Teacher Workshops
- \*Family Concerts

Band members Doug Dirt, Airy Larry, Marine Mark, and Solar Steve are the real deal: impassioned musicians, songwriters, performers, educators, and eco-warriors! With guitars, voices, crazy characters, and an extraordinary ability to connect with children, they change the world, one child at a time!

***"The Banana Slug String Band is by far the best educational children's performance group and teacher workshop presenters that I've ever seen."*** - Craig Strang, Lawrence Hall of Science
